

MyTax Policies & Guides

Looking to adopt a real time digital solution to replace out of date tax guides and manuals? PwC's MyTax Policies & Guides enables you to communicate up to date practical tax policies and how to guides across your organisation in a way which increases the relevance and effectiveness of any tax risk governance framework.

What are MyTax Policies & Guides?

Easy to use, practical policies and guides for GST, FBT, PAYE, and KiwiSaver available as an online subscription service. The policies and guides are easy to understand and updated on a real-time basis to reflect current legislation and best practice.

MyTax Policies & Guides are suitable for:

- Organisations with limited in-house tax expertise who require a tax risk policy framework and support for common tax questions within their business.
- Organisations with in-house tax expertise who want a more effective way of dealing with every day questions from internal stakeholders and business units.
- Organisations wanting to make it easier for tax to be considered at the time business decisions are made within their organisation – having practical and easily accessible digital based tax policies will enable pro-active management of tax risk.

Subscribe and provide access as required – it's that simple! Just choose a subscription option to meet your needs – either standard best practise or customised to suit the particular features of your organisation.

Features and benefits for your organisation
